That Ye May Glorify the Name of Your God

Part 1

One of the major purposes of the Book of Mormon, according to the title page, is "to the convincing of the Jew and Gentile that Jesus is the Christ, the Eternal God, manifesting himself unto all nations." A number of years ago, Susan Black found that the name of the Savior appears nearly 25 percent more frequently in the Book of Mormon than even in the New Testament. "Each title signifying Christ is in correct contextual usage each time it appears. His character and mission and his divine relationship to us are thereby more clearly revealed." (Susan Easton Black, Finding Christ through the Book of Mormon, pp. 15,16,28). Susan Black was able to come up with 100 different titles for the Lord in the Book of Mormon. Since then I have compiled a continually growing list of nearly 500 different descriptive titles for the Lord which are found in the Book of Mormon.
